

Lewannick Parish Council Web Site enquiry

comment : Sirs I was concerned when I read the latest Newsletter about "the inability of the Council and it's clerk to understand what was required". This has apparently led to a bill of £10144.50 and somehow £45000.00 is now being mentioned! I understand no further questions are being answered and you are drawing a line under this, that is great especially as this is the first I and many other residents of Trevadlock Hall Park have ever heard of this problem. I will ask the question and I would like an answer (which should be copied in to the next Newsletter for all to see). WHAT PROBLEM WAS THIS? I sincerely hope it was the lesser of 2 evils and just the inability to understand accounting. This matter concerns all of us and if understanding was a problem what are you doing to give proper training to ensure this does not happen again? I would like an answer for our residents and to save money I give my email address :-
