It had been hoped to have £100million a year over three years.            Heads of Terms are being worked up for the Forest for Launceston but they are not in a position to engage with the outside community at present, until the work is complete.            A new recycling and waste initiative has been launched at Launceston Recycling Centre; this will take hard plastics, old buckets, flower pots, crates etc.            Cllr A Parsons gave some statistics for the Planning Committees; East Area Planning Committee has had no appeals against it in the last year; there were 5 appeals against the West Committee; 6 appeals against the Central Committee and 1 appeal against the Strategic Planning Committee.            Cornwall Council has produced four schemes to be put forward under the Levelling Up but there is nothing for North Cornwall and it appears that the Cabinet is making the decisions. There is a Metro Project for mid Cornwall, which will provide a sustainable transport network through the middle of the County from Newquay to Falmouth; two bids for St Austell and Helston both regeneration schemes and the Stadium for Cornwall.            Cllr A Parsons has attended a meeting about the bus services but nothing can be done at the moment.
